

Business and Economic Development Opportunities

The Waisoi Project would need services and supplies during construction and operation.

Examples of services and supplies that Namosi Joint Venture (NJV) would try to source locally are shown below:

Catering

Site clearing and fencing

Food supplies

Sewing

Housekeeping

Driving

Community Development

NJV has been working with local communities and government to provide community infrastructure and enhance access to education and economic development opportunities.

NJV supports local education

Working with the Community

Namosi Primary School - new dining hall

Namosi Farmers Association

Ginger Farming
